General Information

Short summary

The Italian company specializes in the production of food specialties, including mushroom-based ones, is interested in finding suppliers of fresh Champignon mushrooms for the preparation of its products.

Full description

The company is a family-run business located in the north-east of Italy that has been producing specialty foods since 1980.

The company specializes in the processing of whole, fresh mushrooms and other vegetables and in the production of specialty foods.

The offer of mushroom-based products includes: mushroom-based creams, also with truffles; Natural mushrooms, in oil and sautéed in different variations such as with truffles, with vegetable broth, cut into julienne strips, without starch. The product offering is characterized by high quality, naturalness and is free of allergens and palm oil. Mushroom-based products are used by the end customer to fill pizzas, sandwiches, appetizers and side dishes to accompany second courses.

The company is looking for mushroom growers who supply whole mushrooms preserved in water and salt and are interested in new international customers.

Advantages and innovations

The company has more than 40 years of experience in mushroom processing. The company is well known in the national market for its ability to preserve the naturalness and aroma of its products and for its quality mushroom-based products. It has a well network of clients in the Horeca sector.
