General Information

Short summary

The company is specialized in the rental and distribution of high-quality outdoor saunas. The product range includes various types of prefabricated saunas in different lengths and configurations, including barrel saunas, cube saunas, and igloo saunas.

Full description

Seeking experienced partners for the regular production of high-quality outdoor saunas made from 42mm to 45mm Nordic spruce. Our saunas are designed for use with either wood or electric stoves and have a minimum width of 2m up to 2.30m, with lengths starting from 2m. Optional enhancements include a front porch, external terrace, internal changing cabin, and windows.

Advantages and innovations

Based at a strategically advantageous location characterized by high purchasing power, the company provides a robust foundation for market expansion. This offers a valuable opportunity to tap into a prospering market segment with significant growth potential. Seeking partners with expertise in high-quality wood processing and sauna manufacturing, capable of sourcing and utilizing Nordic spruce. Ideal partners should have the ability to customize product dimensions and features according to customer specifications, ensuring a tailored and high-quality end product.
